

# Bats

Throughout this week our class will be studying bats.

## **Challenge:**

Design and create a model of a bat. Use your knowledge of bats, including their eating and sleeping patterns, to help you in designing and building your bat.

## **Criteria:**

Your bat must

- be able to attach to something and hang upside down from it.
- have two moving parts.
- be at least 6 inches across when the wings are open. (wing span)
- be decorative.
