

# Spiders

Throughout this week our class will be studying spiders.

## **Challenge:**

Design and create a spider and a web. Use your knowledge of spiders, including the way they look and move to help you in designing and building your spider and web.

## **Criteria:**

Your spider must

- be able to be attached to a web.
- have four moving parts.
- have 8 legs.
- have 4 eyes.
- be decorative.

## **Materials:**

You do not have to use everything.

- construction paper
- scrap paper
- straws (limit 4)
- brads (limit 4)
- pipe cleaners (limit 4)
- glue
- tape
- yarn
- bread ties

## **Tools:**

- scissors
- ruler
- pencils
- pushpin paper drill
